

CINDERELLA PERFINS?

How about a survey of Perfins on "stamps" other than postage or revenue issues, such as labels, seals, locals, etc.? In other words, Cinderella Perfins?

The editor will start the ball rolling with two from his collection: one is a Danish Christmas seal of 1953 which bears an H.S. Perfin (H34 in Van Lint's List of Danish Perfins). The seal is cancelled with a circular-date postmark of Copenhagen. The other is a 10-centavo war charity seal of Spain, inscribed "PRO - COMBATANTES CORUNA," bearing the Perfin S./I.P., which is found on postage stamps.

Members who can provide information - and, hopefully, a fax copy or other illustration - of any other Cinderella Perfin, are urged to submit it to the editor.
